

HELMo University College is a School of Higher Education which offers training courses in the education's, nursing's, social work's, technical's and business' department. HELMo is also a member of the Liege-Luxembourg Academy. HELMo's main purpose is to prepare the students for professional careers both in the private and public sector. HELMo focuses on working closely with the local community and with a huge network of companies willing to help the students meet the requirements of the job market.

The University of Applied Sciences Salzburg, founded in 1995, operates across four locations in the state of Salzburg. Offering eighteen bachelor's and twelve master's programs, along with post-graduate courses and professional development opportunities, it specializes in Applied Social Sciences, Business and Tourism, Creative Technologies, Health Sciences, Green Engineering and Circular Design, as well as Information Technologies and Digital Transformation. With approximately 3,200 students and over 12,000 alumni, it serves as a leading institution in the region.

The outstanding profile of **ASH Berlin** has developed out of the university's unique history and long tradition. Great importance is attached to diversity and gender mainstreaming, health promotion, a family-friendly environment, cultural activities and international exchange. By providing interdisciplinary study programmes and engaging in international networks, ASH Berlin opens up a wide range of professional prospects in the fields of social work, health and early childhood education.

27th International Summer School June 25 to June 30, 2025 Salzburg (Austria)

The Europe Institute for Social and Health Research in Berlin proudly presents the preliminary program of this year's International Summer School.

Under the headline "Social Connectedness and Innovation in Social Work", we would like to invite you - BA and MA students and professionals of social work - to share your experiences and thoughts on the current topic.

Social Connectedness and Innovation in Social Work

Through interesting workshops about the main topic you get the chance to link practice and theory in a more diverse way, and with people from all over Europe, maybe even from all around the globe.

Organized by students for students (and professionals) this year's summer school will have an international focus. Professionals from different countries all over the world give you the chance to dig deeper into questions concerning Social Connectedness and Social Work.

Program and timeline

You find the preliminary program online
www.socialeurope.net/summer-school/

Target Audience

Where you are from or how old you are does not matter. However, please note that we do not offer funding.

Therefore, the main target group are social work students (or students from similar disciplines).

Number of Participants

This year's program will admit up to 40 participants.

Certificate and ECTS Credits

Every participant will receive 3 ECTS credits for taking part in this year's International Summer School.

In order to receive a Certificate of Attendance with 5 ECTS credits, students are required to submit additional academic work such as a paper, presentation, podcast, video or similar. Please find the guidelines for your additional academic work online. An English level B2 (Common European Framework of Reference for Languages) is recommended.

Forms of Participation

Students of the three partner universities

- ASH Berlin
- FH Salzburg
- HELMo

apply with their respective International Offices and will receive funding for their travel expenses.

A small number of students from partner universities will also be able to participate.

Hybrid events

All other people interested in the topic of the summer school can follow selected events via video conferencing. Prior registration is necessary to participate. The conferences open to public are marked in the program as "hybrid events".

How to register

You find more information on our homepage:
www.socialeurope.net/summer-school/

There you can register for the hybrid summer school sessions.

We look forward to hearing from you!
